RM-Z250

Wheeldon provides the perfect setting for club rider training throughout the winter months. Taking place on the UK's only indoor all-weather circuit, as used by Martin Barr and Paul Edmundson, and utilising the latest fuel-injected 2010 Suzuki RM-Z250, riders can take advantage of four sessions spread over four hours. A great way to keep fit ahead of the outdoor season. Just bring along your kit and Wheeldon will provide the rest.

About Wheeldon Off-Road Centre

Set in 240 acres of beautiful rolling South Devon countryside, Wheeldon Off-Road Centre provides the perfect weather-proof backdrop to some of the best off-road riding you'll ever experience.

From junior to adult, male or female, novice or experienced, Wheeldon Off-Road Centre offers a vast range of training and riding to suit every ability, under the guidance of highly experienced ACU instructors.

Wheeldon boasts a purpose-built 30,000 square foot indoor arena, junior training area, outdoor MotoX track, and the UK's largest concentration of green lanes on the doorstep offering some of the best off-road riding that this country has to offer. With a full complement of up-to-date Suzuki GB off-road motorcycles, the Centre has a range of bikes and riding to suit everyone.

Wheeldon Farm boasts five beautifully appointed, self-catering, traditional stone cottages on site. A split-level games room and heated indoor swimming pool provide the ideal place to relax post-track activities.
