Looking for something different with a guaranteed adrenalin rush? Never ridden a motorcycle before? Not to worry. Why not learn to ride an off-road motorcycle at Wheeldon's purpose built 450m indoor all weather arena. After expert tuition from ACU accredited instructors on the latest fleet of Suzuki off-road motorcycles around the learner circuit, you can test your prowess in the main arena. All the latest safety riding kit is provided. At the end of the session a special test will determine the overall winner who will be presented with a special award of achievement. If you can pedal a push bike you'll love the thrill of motorised two-wheel action in a supremely fun and controlled environment.

About Wheeldon Off-Road Centre

Set in 240 acres of beautiful rolling South Devon countryside, Wheeldon Off-Road Centre provides the perfect weather-proof backdrop to some of the best off-road riding you'll ever experience.

From junior to adult, male or female, novice or experienced, Wheeldon Off-Road Centre offers a vast range of training and riding to suit every ability, under the guidance of highly experienced ACU instructors.

Wheeldon boasts a purpose-built 30,000 square foot indoor arena, junior training area, outdoor MotoX track, and the UK's largest concentration of green lanes on the doorstep offering some of the best off-road riding that this country has to offer. With a full complement of up-to-date Suzuki GB off-road motorcycles, the Centre has a range of bikes and riding to suit everyone.

Wheeldon Farm boasts five beautifully appointed, self-catering, traditional stone cottages on site. A split-level games room and heated indoor swimming pool provide the ideal place to relax post-track activities.
